## TURNING GRAY WITH BALDNESS

The Danger is Averted by Using  
**AYER'S Hair Vigor.**

"Nearly forty years ago, after some weeks of sickness, my hair turned gray and falling out so rapidly that I was threatened with immediate baldness. Hearing Ayer's Hair Vigor highly spoken of, I commenced using this prepara-

tion, and was so well satisfied with the result that I have never tried any other kind of dressing. It stopped the hair from falling out, stimulated a new growth of hair, and kept the scalp free from dandruff. Only an occasional application is now needed to keep my hair of good, natural color. I never hesitate to recommend any of Ayer's medicines to my friends."—Mrs. H. M. HAIGIT, Ayova, Neb.

## His New Financial Policy.

The Little Falls Transcript in commenting on Bro. Stivers' long silver letter to the St. Paul Globe, says:

"His greatest effort in the article is to show how it is possible, by various laws, to keep gold in circulation after free coinage is adopted. The necessity of such laws is a concession that the adoption of free silver coinage would naturally result in driving gold and all currency based on gold, from circulation. No country that has free silver coinage at a ratio of 16 to 1 of silver to 1 weight of gold is able to keep gold in circulation, as the bullion value is about 32 weights of silver to 1 weight of gold. Even with the limited coinage and purchase of silver by this government under the Bland-Allison and Sherman laws the volume of silver coin and currency had become so large that people became frightened for fear the government could not maintain the parity of the two coin metals in circulation and millions of bonds were issued to keep the gold reserve up and to redeem in gold all the redeemable paper money offered. The recent difficulties the nation experienced in keeping all money as good as gold were insignificant compared with the trouble that would follow free coinage of silver, and we do not believe that any efforts of the government could long maintain the parity of the metals in circulation. The more the silverists attempt to show how some new ideas in laws would accomplish that, the more it is apparent that the condition is unnatural and unobtainable. As soon as there is no limit to the number of 50-cent dollars the government will make, there will be a decided limit to the number of 100-cent dollars the people will use."

**Government Dam at Gull Lake.**

The Minneapolis Journal, under date of July 9th, says that although the government engineers in St. Paul have filed a notice with the state auditor to the effect that they want permission under the statute to overflow certain state lands for the Gull Lake reservoir, they say very frankly that it may be some time before the work of constructing the reservoir is commenced. The funds at the disposal of the engineering department are very low, and important engineering work in all parts of the country is practically at a standstill as a result. There is one chance in ten that the work may be commenced this fall; but nine chances to one that nothing will be done until the fall of 1896. It begins this fall, the reservoir will be ready for use the following summer. The Gull Lake dam will affect territory in Cass and Crow Wing counties. It will cost somewhere between \$75,000 and \$100,000, and the government engineers are waiting until they have more than \$5,000 in the treasury before proceeding if under way. They are at work this summer acquiring the right to overflow land in the vicinity of the lake, and expect by fall to have 75 per cent of this land in their possession. They have about 60 per cent at present. Under act of congress, the government can pay nothing for land taken for reservoir purposes, and, therefore, in case there is opposition on the part of any small proprietor, whose little all is at stake, or if some of the desired land is tied up through legal processes, the reservoir must wait. In all probability there will be several cases of this sort in the Gull Lake country, and if there are, the next congress will be asked to make a small appropriation to cover the matter.

"We have two projects in view at Gull Lake," said A. O. Powell, United States assistant engineer, this morning. "We are figuring on a small dam, and on a larger one to come a little later. The small one, which will be the first constructed, as a matter of course, will hold about 2,712,000 gallons of water; the larger one, which will be made from the small one as fast as the government will allow, will hold 12 billions of gallons. The small reservoir will raise Gull Lake about five or six feet; the large one 12 to 14 feet. The present water surface will not be enlarged to exceed 5 per cent for either. As you may know, the more water surface, the greater the greater the evaporation; and if we were to follow the policy of flooding whole districts the reservoir would be of no practical use, for there would not be enough water. So heavy is this evaporation that we are only able to collect one-sixth of the annual rainfall in any of our reservoir lakes. From this you will understand that the reservoirs will not call for as much land for overflowing as might, at first thought, be supposed necessary."

"When the smaller reservoir has been completed and put in operation there will be at Minneapolis an additional water supply of 264 cubic feet per second, and the larger reservoir will increase that to 1,000 cubic feet per second. The millers and lumbermen will appreciate what that means."

"Last year and in 1893 our reservoirs added more than 2,000 cubic feet per second to the water supply at Minneapolis. In 1893 they increased the volume of water in the river at Minneapolis 33 per cent, and in 1894 the volume of water was about doubled."

"The coming fall we expect to complete the Sandy Lake reservoir, 30 miles north of Atkin, and to repair the dam at Leech Lake. The latter work will not interfere with the dam in any way."

Mr. Powell says that the water now stored in the reservoirs will be released early in August. He does not yet know the exact date, the weather and the rainfall between now and the first of the month being an important factor in the problem.

Maj. W. A. Jones, the engineer in charge of the government work in the Northwest, is absent on a vacation and will not return to St. Paul before October.

## CROW WING CO. COMMISSIONERS.

Proceedings of the Regular Meeting of the Board of County Commissioners, Held July 8th, 1895.

Commissioners' proceedings, regular meeting held July 8th, 1895. All members present. Minutes of previous meeting read and approved as read.

The following appropriations were made from road and bridge fund, viz:

\$20 to repair east and west road on Deerwood and Bay Lake road.

A benefit entertainment will be given by Unity Lodge No. 194, I. O. O. F., at their hall on Wednesday evening, July 24, the proceeds of which will be given to T. E. Crawford, a member of the above organization, who has been ill during the past ten months. Mr. Crawford is at present at White Bear.

The W. C. T. U. will hold their 10th annual meeting on Tuesday p. m. at 3 o'clock, at the Y. M. C. A. parlors for the purpose of electing officers for the ensuing year, and to elect delegates to the state W. C. T. U. convention. The president requests that every member be present as there is important business to transact other than election of officers.

According to the Staples World a man by the name of James Gallagher accused of selling liquor to Indians near Leech Lake, in Cass county, was arrested at that place Thursday by a U. S. marshal. While being taken to the train he shot at the marshal and endeavored to escape in the darkness, but was recaptured. He was then handcuffed. He will be given a hearing at Detroit.

### Found A Floater.

On Saturday Peter Swanson found the body of a man lodged in the grass at the head of an island near where the Crow Wing river comes into the Mississippi. Mr. Swanson notified the coroner, and Deputy Coroner A. E. Losey went down to get the remains, taking a coffin with him, but the body was swollen to such an extent that it was impossible to get it into the coffin. The remains were also so badly decomposed that after viewing them the coroner had them buried on the banks of the river. The body had evidently been in the water over a month. The man was respectfully dressed, having on a frock coat, jeans pants, a good pair of shoes and a woolen shirt. In his pocket was a long purse containing \$1.10 in nickels and dimes and a silver watch, but nothing which would lead to the identity of the dead man. There were two receipted bills from Frink & Jennings, St. Cloud, and one from Twomey's Bazaar, Little Falls, dated during the months of April and May, but they did not contain the name of the man to whom the goods were sold. On the back of the bill from Little Falls was the name in pencil "F. M. Roberts, Minneapolis," and in another place "Dwight, Friends." The man was evidently 45 years of age, wore whiskers and was bald on the top of his head. There is no way of ascertaining how the man got into the water and on one has been reported missing in this section of the country, and unless the above description will lead to his identification, it will always remain a mystery.

Miss Amy Brockway and Vera Nevers will return home to-morrow from an extended visit at Fairbairn.

W. A. Wilson, agent of the United States Fish Commission, of Washington, is in the city on a tour of observation.

The Louise Hamilton repertoire Co. will open a week's engagement at Sleeper Opera House, Monday, July 22nd.

Mons. Mahlum has sold his interest in the grocery firm of Mahlum & Vallentyne to his partner and will return to Norway with his family.

Judge C. B. Elliott and his two sons, Chas. and Edwin, and M. D. Purdy, of Minneapolis, are spending a few days at the Gull Lake club house.

S. Walker, accompanied by his two daughters, Mrs. M. B. Pullen and Miss Kittie Walker, are visiting relatives and friends in Sherburne county.

A petition is being circulated in this city for signers, the purpose of which is to have the mayor enforce the law regarding the Sunday closing of saloons.

A special meeting of the Hook & Ladder Company will be held at the Central hose house on Tuesday evening next. Business of importance is to be transacted, and a full meeting is desired.

Zion's Evangelical Church will celebrate Children's Day Sunday evening, July 14th, beginning promptly at 8 p. m., with a good program in German and English. All are cordially invited.

Mrs. W. C. Bailey, of Ironsides, Ontario, mother of John W. Bailey, arrived in the city on Thursday. She will visit some weeks here with her brother, J. W. Bonek, and then go to North Dakota where she has other relatives.

A quartette was organized in this city Wednesday evening which will be a permanent thing, and will be known as the Banner Quartette. It is organized as follows: President—J. P. Gardiner, secretary and treasurer—Chas. B. Thompson; pianist—Miss Nellie Merritt. The membership is as follows: J. P. Gardiner, first tenor; C. B. Thompson, second tenor; R. W. McKay, first bass; Guy Stratton, second bass.

M. E. Church.  
A juvenile choir has been organized at the M. E. church for the morning services. Their singing last Sunday morning was very greatly appreciated.

A baptismal service will be held at the morning service at the M. E. church on July 21st. Any person wishing to be baptised, or parents wishing the baptism of children will please notify the pastor.

We are glad to note an increase in attendance on all religious services at our church. Still there is room for one more (you) at prayer meeting. Come Thursday evening.

For the Public Consideration.  
EDITOR DISPATCH: There has been considerable discussion lately in regard to the proposed dam to be built at the outlet of Gull Lake to create another reservoir for the convenience of the Minneapolis lumbermen, and a great many of our own citizens seem to think it will be a good thing for the city and county. A greater detriment to the development and prosperity of the city and county could scarcely be conceived than the carrying out of this scheme. Gull Lake is just beginning to come to the front as one of the finest summer resorts of northern Minnesota, and its bass and pike fishing are unsurpassed in any of the waters of the state. What does the building of this dam and maintaining of this reservoir mean? It means a temporary benefit to the merchants of the city, and work for a short time for a few men. It also means the total destruction of the beautiful shores of the lake for summer cottages, and the splendid fishing the summer visitors now enjoy will be completely ruined. The money that will be spent for the building of the dam will be as nothing when compared to the ever increasing benefits the city and county will derive from the increasing number of summer visitors that will be attracted to us by its beautiful scenery and splendid fishing.

Aside from all this we should look at it from a sanitary point of view. In the spring the reservoir will be full, and overflow all the low lands and swamps around its shores. Later in the season the water will be drawn off (to accommodate a few Minneapolis lumbermen) and will leave vast tracts of land in close proximity to the city covered with stagnant water which will be a menace to the health of our people. I, for one, say let some of our influential men take hold of this matter at once and nip it in the bud. Yours for the good of the future,

I. U. WHITE.  
Brainerd, July 10th, 1895.

Referred to the Cass Co. Pioneer.

Now that Hubbard county has secured twelve townships from Cass county, why can't Wadena get five or ten townships? It can be done, and we believe every taxpayer in this county would sign a petition to that effect.—Vernadale Sun.

The St. Cloud Journal Press says: Messrs. Frink & Jennings of St. Cloud, are in receipt of a communication from A. E. Losey, deputy coroner of Crow Wing county, enclosing two duplicate copies of goods purchased from the store on April 4 and May 16. The first bill was sold by Harry Frink and the second by A. E. Jennings, and it was hoped by the man found drowned in the Mississippi at the mouth of Crow Wing river last Sunday. The latter was a heavy set man, somewhat bald on the top of his head, with a long bushy beard and short mustache. The body had been in the water for at least one month, and the face was swollen beyond recognition. The goods sold were of little articles such as pins, needles and cheap handkerchiefs and it is the opinion of W. J. Jennings that the purchaser was a peddler who occasionally made similar purchases at the Big Boston.

Died.  
Thomas Carroll, aged 97 years, died at the residence of his son, Dennis Carroll, in this city, on Friday afternoon last, of old age. The funeral took place on Sunday from the Catholic church, Rev. Father Lynch officiating.

Mrs. Ida B. Rardin, wife of George Rardin, died in Long Lake township on Monday, July 8th, of consumption, aged 39 years. The remains were shipped to Minneapolis for burial.

Mrs. Jennie Brockway, wife of Wm. Brockway, died at her home in East Brainerd on Thursday, July 11th, of inflammation of the bowels, after a short illness. The funeral services will be held at the Baptist church Saturday afternoon at 3 o'clock. The deceased was 24 years old and leaves a husband and three children to mourn her loss.

For first-class work in paper-hanging and wall decorating call on Wm. Guthrie. Prices reasonable.

Swartz's Excursion to Leech Lake.

M. K. Swartz has completed his arrangements for the Leech Lake excursion which will occur on July 21st, over the Brainerd & Northern Minnesota railroad. This will give the people of Brainerd and vicinity an opportunity to visit the much talked of lake, view the country opened up by this new road and have a day's outing at a moderate figure, tickets for the round trip having been placed at \$1.50. The train will leave the B. & N. M. depot at 7:30 a. m., stopping at way stations to take on passengers, and will arrive at Leech Lake at 10:30. Picnic grounds have been prepared, and refreshments will be sold. At Leech Lake a steamer has been chartered and an excursion will be run to the Indian reservation, six miles from the stopping point. As the number of tickets is limited to 300, those who expect to avail themselves of the opportunity should procure transportation at once, which can be had at Swartz's drug store. Out of town parties who desire to go can obtain tickets by addressing M. K. Swartz, Brainerd.

Lila.  
That beautiful operetta will be presented at the Sleeper Opera House Friday evening, July 19th.

The fifty voices which have been undergoing thorough training for the past five weeks, now show, in the rehearsals which are going on at the opera house under the direction of Mrs. J. C. Atherton, that they are fully prepared to give a most charming entertainment. The special parts will be taken as follows:

Lila.....Miss Mabelle Davis  
Queen of the Fairies.....Miss Mamie Mitchell  
Leading Mountain Child.....Miss Maude Davis  
One of the special features will be a band of lovely fairies led by their glittering queen. Reserved seats will be placed on sale at the usual place on Monday, prices 50, 35 and 25.

Leach Lake Indians Celebrate.

The Fourth of July was celebrated at Leech Lake Indian reservation last week in a very fitting manner, the only thing to mar the days proceedings being a shower in the afternoon which interfered with the ball games.

At noon the Indians were served with a sumptuous dinner first, after which a band of Chippewa braves, mounted and galloping with beads, feathers and paint, met a mounted band of Sioux chiefs, and it was a fine sight to behold. At 2 p. m. there was a genuine Indian dance which was cut short on account of the rain. The horse race was very exciting and resulted in a victory for Willie Burchards. The days' proceedings wound up with a genuine Indian dog fight which took place near the school house.

In the evening the steamer Mohawk owned by Frost & Shaw, brought over a large crowd and everybody went to the big hall where a genuine American dance took place which lasted until daylight. A well attended square dance was also held in connection. The trip to Frost's point was abandoned on account of the rain.

Boos Ho.

Brainerd Still Wins.

The game last Saturday afternoon at Athletic Park between Brainerd and "Our Minnie" team of Minneapolis, proved to be the best and most exciting game played here this season, Brainerd winning by a score of 7 to 4.

The visitors had the lead up to the fifth inning, and it looked as if we were doomed to lose, as two men were out and two on bases, and it only needed a single to give us the lead.

Frank Howe stepped up to the plate with a broad smile on his face, and then the crowd cheered, for there was still hope. The umpire called two strikes, and Pitcher Halloran smiled a sweet smile, and then sent another ball over the plate, and Frank nailed it, and sent it far over the left field fence into a potato patch for a home run, and Halloran's sweet smile quickly disappeared as he turned and looked after the ball. It was the longest hit ever made in this city, and Frank received a grand ovation as he took his seat on the bench, and it was several minutes before the crowd controlled themselves. This put us in the lead by a score of 5 to 2, and just to make sure of the game, Theelman, in the seventh, knocked out a pretty single, scoring two men. Howe led at the bat by making four safe hits, closely followed by Page with three hits, including a two-bagger. Page, our short stop, pitched a splendid game, only six hits being made off his delivery. Blutz and Burquin distinguished themselves by making several pretty throws and catches. Page and Blutz was the battery for Brainerd, and Halloran and B. Page for the visitors. Following is the score by innings:

Brainerd.....0 0 1 0 4 0 2 0 x-7  
"Our Minnie".....0 1 0 1 0 0 2 0 0-4

NOTES.

The Brainerd left last evening for a trip of eight games, three with "Our Minnie" at Minneapolis, two at St. Peter, two at Shakopee, and two at Mankato, and will return in time to play Duluth here Saturday and Sunday, July 20th and 21st.

We hope that the Staples team will not have the nerve again to think that they can defeat the Brainerd team. We gave them a very severe drubbing last Friday, defeating them by a score of 14 to 1. The Brainerd people who did not have the pleasure of seeing the game, would like to know how Staples got the one run. Wilner, who pitched the game, held them down in great style.

July 17th and 18th will see a grand game of ball in St. Peter. The Brainerd club has agreed to play the Grays at the fair grounds on those days. The Brainerd club is a good one, and all who go will be sure to witness a fine game.—St. Peter Tribune.

The St. Peter Grays will play the Brainerd team July 17th and 18th. Local base ball authorities say that the Brainerds will be met and drink for the Grays, as the Brainerd team is not putting up a good article of ball this season.—Mankato Ledger.

Sheldon N. Paine and Miss Grace McDonough were united in marriage by Rev. D. D. McKay at the Presbyterian parsonage Thursday evening, July 11th.

The Knights Templar conclave will be held at Boston, Mass., during next August, and it will be of interest to Sir Knights and their friends to note that arrangements have already been successfully accomplished by the Nickel Plate road, providing for the sale of excursion tickets over direct lines going and returning or by circuitous routes, viz: going one line and returning another. By so doing many of the following notable resorts may be visited without additional expense. Chautauque Lake, Niagara Falls, Thousand Islands, Rapids of the St. Lawrence, Saratoga, Palisades of the Hudson and the Hoosac Tunnel. The above arrangements will not doubt make the low rate excursion tickets offered by the Nickel Plate Road very popular. Call on or address J. Y. Mrs. W. C. Bailey, of Iroquois, Ontario, in receipt of a communication from A. E. Losey, deputy coroner of Crow Wing county, enclosing two duplicate copies of goods purchased from the store on April 4 and May 16. The first bill was sold by Harry Frink and the second by A. J. Jennings, and it was hoped by this means to identify the body of a man found drowned in the Mississippi at the mouth of Crow Wing last Sunday. The doctor was a heavy set man, somewhat bald on the top of his head, with a long bushy beard and short mustache. The body had been in the water for at least one month, and the face was swollen beyond recognition. The goods sold were of little articles such as pins, needles and cheap handkerchiefs and it is the opinion of W. J. Jennings that the purchaser was a peddler who occasionally made similar purchases at the Big Boston.

Swartz's Excursion to Leech Lake.

M. K. Swartz has completed his arrangements for the Leech Lake excursion which will occur on July 21st, over the Brainerd & Northern Minnesota railroad. This will give the people of Brainerd and vicinity an opportunity to visit the much talked of lake, view the country opened up by this new road and have a day's outing at a very moderate figure, tickets for the round trip having been placed at \$1.50. The train will leave the B. & N. M. depot at 7:30 a. m., stopping at way stations to take passengers, and will arrive at Leech Lake at 10:30. Picnic grounds have been prepared, and refreshments will be sold. At Leech Lake a steamer has been chartered and an excursion will be run to the Indian reservation, six miles from the stopping point. As the number of tickets is limited to 300, those who expect to avail themselves of the opportunity should procure transportation at once, which can be had at Swartz's drug store. Out of town parties who desire to go can obtain tickets by addressing M. K. Swartz, Brainerd.

Laila.

That beautiful opera will be presented at the Sleeper Opera House Friday evening, July 19th.

The fifty voices which have been undergoing thorough training for the past five weeks, now show, in the rehearsals which are going on at the opera house under the direction of Mrs. J. C. Atherton, that they are fully prepared to give a most charming entertainment. The special parts will be taken as follows:

Laila, Miss Mabelle Davis

Queen of the Fairies, Miss Mamie Mitchell

Leading Mountain Child, Miss Maudie Davis

One of the special features will be a band of lovely fairies led by their glittering queen. Reserved seats will be placed on sale at the usual place on Monday, prices 50, 35 and 25.

### Found A Floater.

On Saturday Peter Swanson found the body of a man lodged in the grass at the head of an island near where the Crow Wing river comes into the Mississippi. Mr. Swanson notified the coroner, and Deputy Coroner A. E. Losey went down to get the remains, taking a coffin with him, but the body was swollen to such an extent that it was impossible to get it into the coffin. The remains were also so badly decomposed that after viewing them the coroner had them buried on the banks of the river. The body had evidently been in the water over a month. The man was respectfully dressed, having on a frock coat, jeans pants, a good pair of shoes and a woolen shirt. In his pocket was a long purse containing \$1.10 in nickels and dimes and a silver watch, but nothing which would lead to the identity of the dead man. There were two receipted bills from Frink & Jennings, St. Cloud, and one from Twomey's Bazaar, Little Falls, dated during the months of April and May, but they did not contain the name of the man to whom the goods were sold. On the back of the bill from Little Falls was the name in pencil "F. M. Roberts, Minneapolis," and in another place "Dwight, Friends." The man was evidently 45 years of age, wore whiskers and was bald on the top of his head. There is no way of ascertaining how the man got into the water and on one has been reported missing in this section of the country, and unless the above description will lead to his identification, it will always remain a mystery.

### The St. Cloud Journal Press says:

### Leech Lake Indians Celebrate.

The Fourth of July was celebrated at Leech Lake Indian reservation last week in a very fitting manner, the only thing to mark the days proceedings being a shower in the afternoon which interfered with the ball games.

At noon the Indians were served with a sumptuous dinner free, after which a band of Chippewa braves, mounted and galloped with beads, feathers and paint, met a mounted band of Sioux chiefs, and it was a fine sight to behold. At 2 p. m. there was a genuine Indian dance which was cut short on account of the rain. The horse race was very exciting and resulted in a victory for Willie Burchards. The days' proceedings wound up with a genuine Indian dog fight which took place near the school house.

In the evening the steamer Mohawk owned by Frost & Shaw, brought over a large crowd and everybody went to the big hall where a genuine American dance took place which lasted until daylight. A well attended squaw dance was also held in connection. The trip to Frost's point was abandoned on account of the rain.

### Brainerd Still Wins.

The game last Saturday afternoon at Athletic Park between Brainerd and "Our Minnie" team of Minneapolis, proved to be the best and most exciting game played here this season. Brainerd winning by a score of 7 to 4. The visitors had the lead up to the fifth inning, and it looked as if we were doomed to lose, as two men were out and two on bases, and it only needed a single to give us the lead. Frank Howe stepped up to the plate with a broad smile on his face, and then the crowd cheered, for there was still hope. The umpire called two strikes, and Pitcher Halloran smiled a sweet smile, and then sent another ball over the plate, and Frank nailed it, and sent it far over the left field fence into a potato patch for a home run, and Halloran's sweet smile quickly disappeared as he turned and looked after the ball. It was the longest hit ever made in this city, and Frank received a grand ovation as he took his seat on the bench, and it was several minutes before the crowd controlled themselves. This put us in the lead by a score of 5 to 2, and just to make sure of the game, Thelma, in the seventh, knocked out a pretty single, scoring two men. Howe led at the bat by making four safe hits, closely followed by Page with three hits, including a two-bagger. Page, our short stop, pitched a splendid game, only six hits being made off his delivery. Blutz and Burquin distinguished themselves by making several pretty throws and catches. Page and Blutz was the battery for Brainerd, and Halloran and B. Page for the visitors. Following is the score by innings:

Brainerd, 0 0 1 0 4 0 2 0 x—7

"Our Minnie", 0 1 0 1 0 2 0 0—4

NOTES.

The Brainerds left last evening for a trip of eight games, three with "Our Minnie" at Minneapolis, two at St. Peter, two at Shakopee, and one at Mankato, and will return in time to play Duluth here Saturday and Sunday, July 20th and 21st.

We hope that the Staples team will not have the nerve again to think that they can defeat the Brainerd team. We gave them a very severe drubbing last Friday, defeating them by a score of 14 to 1. The Brainerd people who did not have the pleasure of seeing the game, would like to know how Staples got the one run. Willner, who pitched the game, held them down in great style.

July 17th and 18th will see a grand game of ball in St. Peter. The Brainerd club has agreed to play the Grays at the fair grounds on those days. The Brainerd club is a good one, and all who go will be sure to witness a fine game.—St. Peter Tribune.

The St. Peter Grays will play the Brainerd team July 17th and 18th. Local base ball authorities say that the Brainerds will be meat and drink for the Grays, as the Brainerd team is not putting up a good article of ball this season.—Mankato Ledger.

Sheldon N. Paine and Miss Grace McDougall were united in marriage by Rev. D. D. McKay at the Presbyterian parsonage Thursday evening, July 11th.

The Knights Templar convocation will be held at Boston, Mass., during next August, and it will be of interest to Sir Knights and their friends to note that arrangements have already been successfully accomplished by the Nickel Plate road, providing for the sale of excursion tickets over direct lines going and returning or by circuitous routes, viz: going one line, and returning another. By so doing many of the following notable resorts may be visited without additional expense. Chautauqua Lake, Niagara Falls, Thousand Islands, Rapids of the St. Lawrence, Saratoga, Palsades of the Hudson and the Hoosac Tunnel. The above arrangements will no doubt make the low rate excursion tickets offered by the Nickel Plate Road very popular. Call on or address J. Y. Calahan, Gen'l Agent, 111 Adams Street, Chicago.

I desire to sell the furniture and fixtures of the Central Hotel, corner of Laurel and Sixth Streets and will make a bargain on it.

School in District No. 25 closed with a good attendance, and the teacher, Miss Anna Miller, has returned to her home.

The 4th of July celebration was a grand success at J. F. Dykeman's. The oration by George Smith was something that will long be remembered by those who heard it.

The celebration of the 4th at J. F. Dykeman's place was in every way a great success. The day was all that could be desired. A large crowd began gathering early in the morning and remained until late at night. Many visitors were out from Brainerd. The morning was spent in sports and races, and at 12 o'clock a picnic dinner was served, after which the literary exercises of the day took place, opening with prayer by Mr. Fassett, followed by the reading of the Declaration of Independence. The oration was then delivered by Geo. H. Smith, of Brainerd. The address was a very eloquent one, and on all sides were heard words of commendation for the efforts of this brilliant young speaker. The remainder of the programme was by members of our literary society, who rendered their respective parts exceedingly well, showing dramatic ability of a high order. Owing to the absence of one of the teams the ball game was postponed. After supper the young people danced away the evening.
